

How to be a Good (Laundry) Citizen

The Do's and Don'ts of Shared laundry rooms.

It's always important to be a good neighbor, and that applies to sharing a community laundry room too. Here are some tips to ensure an enjoyable laundry experience for everyone.

Don't forget to remove your laundry quickly – emptying machines helps others get started, and helps you avoid having your laundry handled by others. Your CSC laundry app alerts you when your laundry is done.

Do leave the laundry room the way you'd like to find it on your next visit – make sure to clean out the lint trap, throw away trash, and wipe down the washer if needed.

Don't assume a broken machine has been reported – submit a service request directly from your laundry app by noting the location and machine number.

Do drop laundry pods into the washer with your clothes – not the detergent drawer. Otherwise, the degradable wrap doesn't fully dissolve and can clog the detergent drawer for others.
